

**IMPOSSIBLE?
IT WAS...UNTIL IT WASN'T.**

NEW GAME CHANGING TECHNOLOGY IN BITUMEN EXTRACTION

Booth #1120, Oil Sands Trade Show & Conference, Sept 14-15.

**99+% recovery. 99+% purity.
No environmental contaminants.
No tailing ponds. 20% reduction
in green house gases.**

**It was impossible...
until it wasn't.**

**This changes
everything.**

Significantly increased
productivity and profit
with absolutely zero
environmental impact.

The seemingly impossible,
is now a reality. CAC-24 from VARYPETROCHEM
is a completely solvent-free extraction
chemistry and process that is revolutionizing
bitumen recovery.
